Park Memorial Bench

The City of Warrenton’s Park Memorial Bench Program offers participants a unique way to honor someone by donating a bench for one of our City parks. The Grounds & Maintenance Department will install the bench in the park you select. The bench is made of a composite wood with a galvanized frame attached to a concrete base. A plaque listing the name of the donor(s) and name of the honored person is attached to the bench. This is a wonderful and long lasting way to honor someone special.

Donor Contact Information

Name: _____
Address: _____
City: _____ State: _____ Zip: _____
Phone: _____ Email: _____

Please provide information for the dedication plaque: Name of person and three lines (up to 40 characters)

This information will appear on your certificate and bench plaque. Please PRINT legibly

Desired Park Location.

Please check the box for the park where you would like the bench installed. Grounds & Maintenance will contact you for an appointment to visit the park and select a placement location.
