SECTION 500.030: PERMITS

A. Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish or change the occupancy of a building or structure or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical or plumbing system, the installation of which is regulated by these codes, including the finishing or remodeling of any leased or rented premises, including the finishing or remodeling of any leased or rented premises, or to cause any such work to be done shall first make application to the Building Commissioner and obtain the required permit.

B. *Temporary Structure Permit.* A temporary structure permit shall be required for any structure that is temporary in nature and intended for commercial uses for the general public, including tents, bleachers and mobile, non-residential trailers or vehicles. Permits may be issued for a maximum period of one hundred eighty (180) days.

Design Drawings

SECTION 500.100: AMENDMENTS TO INTERNATIONAL BUILDING CODE

106.1 Submittal documents. Construction documents, special inspection and structural observation programs and other data shall be submitted in one (1) or more sets with each application for a permit. The construction documents shall be prepared, signed and sealed by a registered design professional licensed and registered in the State of Missouri to render this service. Where special conditions exist, the Building Commissioner is authorized to require additional construction documents to be prepared by a registered design professional.

SECTION 500.320: AMENDMENTS TO INTERNATIONAL RESIDENTIAL CODE

R106.1 Submittal documents. Construction documents, special inspection and structural observation programs, and other data shall be submitted in one (1) or more sets with each application for a permit. The construction documents shall be prepared, signed and sealed by a registered design professional licensed and registered in the State of Missouri to render this service. Where special conditions exist, the building official is authorized to require additional construction documents to be prepared by a registered design professional.

Exception: The building official is authorized to waive the submission of construction documents and other data not required to be prepared by a registered design professional if it is found that the nature of the work applied for is such that reviewing of construction documents is not necessary to obtain compliance with this code.
